Daylilies

1952

MRS. BRIGHT TAYLOR

Post Office Box 623

Telephone 1664

OCALA, FLORIDA

Key to reference marks:

E - early
EM - early midseason
M - midseason
Ev. - evergreen - full garden value year round
S - semi-evergreen - dies down for short period in early winter.
D - dormant - disappears in late fall and does not appear again until spring.
Height - given in inches, as plant grows in our garden.
Color reference - Maerz & Paul, "A Dictionary of Color".

Mla. - late midseason
La - late
Re - repeats bloom

Introducing:

BRAVO - E. Re. 36" Ev.

Wide ruffled petals and sepals that recurve, showing a touch of green at the tips, are characteristics of this Brickdust (5L11) flower with throat and midrib of Golden Yellow (10 K 7). The color, as a whole, is overlaid and highlighted with a bluish pile, giving it great depth and striking beauty.

Each \$6.00

CITATION - M. Re. 36" Ev.

A glowing Laquer Red (4 J 11) with small Golden Yellow (10 L 7) throat that is outstanding when seen on established plants. First year blooms are seldom characteristic and on this variety are particularly disappointing; but given time, its stellar quality is soon manifest.

Each \$15.00

COCKADE - M. Re. 36" Ev.

A Primuline Yellow (10 L 5) self with faint eyezone which is distinct when flower comes single. Very frequently, in our garden, the six stamen form petaloids, giving the flower the form of a pompom - from which fact it was named. Very floriferous, of heavy substance, and large size - it is quite desirable single or double.

Each \$8.00

ELVENIA SLOSSON - Mla. Re. 42" Ev.

Grown for several years as Pink 3, this appealing daylily was named because of its fine performance everywhere grown. It is a seedling of Prima Donna of the same year and ancestry as Penelope - but is darker in tone. Pompeian Red (4 J 10) with Primrose Yellow (10 J 2) throat it makes a wonderful splash of color in the garden, for many flowers open at once and are borne gracefully on the well branched scapes.

Each \$8.00

HARRIET MANN - E. M. Re. 42" Ev.

As # 60 this was one of our first good reds and still is one of our best. Holly Berry red (4 L 10) with throat near Mirabelle (10 L 7). The petals and sepals though not horticulturally wide, give the flower a triangular shape. Sun-resistant, with well branched scapes, it has a luminous quality that carries across the garden.

Each \$10.00

SUNSET SKY - E. Re. 32" Ev.

A blend in which the wide Dandelion yellow (9 L 4) throat is overlaid with pink, deepening to rose on the margins. The petals are wide and the flower opens flat, darkening as it ages - resembling, in a way, the sky at sunset.

Each \$10.00

Previous Introductions -

in limited supply.

We list them for the record - that you may know where to obtain them later, if you so desire. Some of them are available for spring delivery. Several, as noted - due to the demands of last season - cannot be delivered before 1953.

BRULÉE - E. Re. 36" Ev.

Mellowglow (10 I 6) with a throat slightly paler and faint markings at the eyezone. Of satin-smooth substance and large size, this is one of the best pastels in our garden. (Not available until 1953.) Each \$10.00

BROCADE - M. Re. 42" Ev.

A Prima Donna seedling with the same smooth texture and large size. The body of the flower is near Amber Rose (12 B 9) with darker veining and eyezone accenting the wide throat of Golden Glow (9 L 6). Well branched and floriferous, the blossoms stay open in the evening. Each \$5.00

CAMELOT - M. Re. 42" Ev.

A 6" flower with crisp, ruffled petals near Saffron Yellow (10 J 8). The throat is Lemon Yellow (10 K 3), deepening to Golden Yellow (9 L 6). Excellent substance and long season of bloom. Each \$5.00

CLUNY BROWN - E. Re. 30" Ev.

Our favorite bicolor on basis of performance in our garden under all growing conditions. Petals, Windsor Tan (13 G 12) with light Chrome midrib (10 L 4); sepals, light Chrome, brushed at edges with petal color. Wide Chrome throat. Scapes, well branched and held erect; substance smooth and heavy; form regular. Very early. Remains open evenings. (Not available until 1953.) Each \$15.00

CONSTELLATION - Mla. 42" Ev.

A three-toned flower in the pastel group. Heavy, smooth texture the color of rich cream (Honeysweet - 11 J 6). The petals are ruffled with slightly raised midrib; sepals plain and recurved. Throat Apricot Yellow (9 K 5) and marked with an inverted V of Rosewood (5 H 10) in the manner of Linda. Many flowers opening at the same time give the garden effect of a "spray of stars". (Not available until 1953.) Each \$7.50

FLORIDA GOLD - Mla. Re. 42" Ev.

A 6" flower of velvet-like texture. Throat and center of petals and sepals Florida Gold (10 L 8) shading to Chinese Yellow. Petals have wavy margins and raised midrib. Very floriferous and showy in the garden. Each \$5.00

LODESTAR - E. Re. 42" Ev.

A star shaped bicolor. Petals between Saratoga (11 I 8) and Mellowglow (10 I 6) with a faint veining of Formosa. Sepals Chinese Yellow (10 K 6); throat deep Chrome Yellow (9 L 7), which extends on to the petals and sepals in a heavy embossed fashion resembling an eyezone but without definite demarcation. The substance is heavy and smooth, the scape well branched. A vigorous grower but more handsome in partial shade. (Not available until 1953.) Each \$10.00

MAN O' WAR - M. Re. 36" Ev.

A very effective daylily of large size.

6½", and striking color - Brazil Red (4 K 12), it catches the eye from any place in the garden. Both petals and sepals recurve and the Golden Yellow (9 L 6) throat is wide and extends along the midrib of the petals in a star shaped effect. Each \$7.50

PENELOPE - M. Re. 42" Ev.

Congo Pink (3 C 10) petals and sepals, a definite Cornhusk (10 E 6) midrib and a throat of Chrome Lemon (9 K 2) complete the description of this rather appealing "garden pink" daylily. (Not available until 1953.) Each \$7.50

PINK BOWKNOT - M. Re. 42" Ev.

Color, a luscious pink (near Salmon, 10 B 7), with a heavy Ivory midrib, Throat, Daffodil (10 J 6). The form of the flower is triangular, which gives the effect of a well-tied ribbon bow. Very vigorous, with a long blooming season. Outstanding among Salmon Pinks wherever grown. (Not available until 1953.) Each \$10.00

PRIMA DONNA - M. Re. 36" Ev.

A large, peach-colored flower with a Golden Yellow (10 L 7) throat that comes up on the petals and sepals to form a convex arch with interesting effect. Of excellent substance, it is quite sun-resistant and has a long period of flowering. (Not available until late summer, 1952.) Each \$10.00

SHALIMAR E - Re. 48" Ev.

A 5" flower, two-tone centric pattern, between Salmon and Saffron, (10 C 8). Petals wavy, faintly veined to give a slightly deeper color effect. Sepals recurved; throat, Jonquil, (9 J 5). Very well branched and quite floriferous. Flowers open better in the sun. Each \$7.50

SPRING DAWN - E. Re. 42" Ev.

A medium sized blossom of lavender pink (near Colonial Rose - 4 H 8) with Jonquil (9 J 5) throat. Prima Donna seedling with a characteristic texture and carriage. (Not available until 1953.) Each \$7.50

SPICE - M. Re. 36" Ev.

A blend hard to describe but so full of life in the garden that it catches the eye from all vantage points. Basic color, Canna Red (4 J 11) overlaid with bluish purple, making the flower a dusky rosy tan. The Wau-Bun twist to the petals adds interest to the flower. Throat is small and Golden Yellow (10 L 7). Each \$5.00

SUN QUEEN - E. Re. 30" Ev.

Large deep Chrome Yellow self with frilly petals and narrower sepals that twist when planted in full sun. Hint of green in throat. Long blooming season. (Not available until 1953.) Each \$5.00

SALMON SHEEN - E. Re. 30" Ev.

The basic color of this daylily is near Rufous (10 B 10) with veining of Canna Red. The throat of Golden Yellow (10 L 7) blends into and is diffused throughout the whole flower. The form is quite distinctive with heavy raised midrib on petals causing them to fold back in a flat effect. Margins are slightly ruffled. Sepals are plain and recurved. Scapes very well branched. Sun resistant with long blooming season. Each \$7.50

ZEZETTE - M. Re. 36" Ev.

A most unusual flower near Marsh Rose (4 I 9) with wide heavy midrib and margins of Primuline Yellow which shade into Citronelle in the throat. Extremely well branched and very effective in garden. Each \$5.00

Good Varieties

from many Leading Hybridists

GROUP I. \$5.00 each - 6 for \$25.00.

BALLET GIRL (Wheeler) E. M. Re. 32" Ev. Star-shaped light crimson, shading to a light pink margin. Prominent gold midrib.

BESS VESTAL (House) E. Re. 36" Ev. A very fine red of large size and good substance. Profuse and continuous bloomer.

EASTER MORN (Wheeler) Mla. Re. 48" Ev. Tall, stately and impressive yellow bitone with broad petals and heavy substance.

FERN IRVING (Taylor) E. Re. 48" Ev. A full rounded flower of Nasturtium Red (4 I 12) with Grapefruit (19 L 1) throat.

FIREBALL (Schroeder) M. Re. 40" D. A most unusual hemerocallis. Brilliant red overlaid with crimson. Sparklingly alive.

GALAHAD (Lester) M. Re. 48" Ev. A rich dark garnet red with velvet sheen. Large flower with wide petals. Remains open evenings.

GARDEN FLAME (Taylor) E. Re. 36" Ev. Large flower of Totem Red (4 J 12) with sepals slightly lighter, throat near Sunkist (9 L 9). Wavy margins and veining in darker hue.

HAILE SELASSIE (Wheeler) M. Re. 36" Ev. Very large and bold purple black bicolor with orange midrib and sepals.

KILLARNEY LASS (Nesmith) Mla. 36" D. Good rose pink with narrow petals.

LOCHINVAR (Taylor) E. Re. 34" Ev. Large widely opened flower with broad, shallow throat of Cadmium Yellow (9 L 8). Petals and sepals, Ember Red (5 K 10) with eyezone lighter.

SAN FRANCISCO (Taylor) M. Re. 30" Ev. A bold patterned flower. Petals of Chinese Gold (12 K 10) with veining and halo of Cordova Brown. Throat, Primuline Yellow (10 L 5).

RUBAIYAT (Taylor) E. Re. 38" Ev. Large Chimney Red (5 L 10) flower with star shaped throat of Daffodil (10 J 6).

* * * * *

GROUP II. \$4.00 each - 3 for \$10.00.

BLACKHAWK (Wheeler) M. Re. 36" Ev. Small, chalice shaped, black maroon with contrasting throat.

EMPEROR JONES (Hayward) Mla. Re. 38" Ev. Large maroon purple with prominent gold midrib. Fine sun-resistant substance.

HELEN FISCHER (Taylor) E. Re. 30" Ev. Medium sized flower of soft Apricot (10 F 7) with throat a blend of Lemon Yellow (10 K 3) and Golden Yellow (10 L 7), banded with Egyptian Red (6 L 11). A long and persistent bloomer.

MIRAGE (Wheeler) E. Re. 36" Ev. Mustard yellow flower, veined and flushed scarlet. Greenish canary throat. Creped petals.

OLIVE BALDWIN (Taylor) E. Re. 36" Ev. Very full flower with wide overlapping petals. Basic color, Old Copper with a faint bluish red veining. Throat shading from Sulphur Yellow to light Chrome. Crinkled texture.

PARTY GOWN (Milliken) M. Re. 42" Ev. A large bicolor which is different. The middle of the wide petals out to their end, the throat and sepals are lemon yellow. The remaining outer portions of petals are heavily washed with Indian red. Very effective in garden.

PURPLE FINCH (Nesmith) M. Re. 36" D. An excellent "carrying red" with darker flush at throat.

SABRINA (Wheeler) L. Re. 40" Ev. Magenta and plum shades, with a copper overflush which varies from day to day. Well branched scapes.

SU-LIN (Nesmith) M. Re. 34" D. An orchid and cream bicolor. Grown in shade, the color holds well all day and it is a point of attraction always.

SUSANNA (USDA) Mla. Re. 40" Ev. Glowing, bright, orange self. Good substance. Floriferous.

SWAN (Watkins) L. 30" Ev. Cavalry Yellow (9 L 7) self. Very large with spreading form, quite unique. For good performance heavy feeding and plenty of water are required.

THEODORE MEAD (Traub) E. Re. 30" Ev. Long twisting petals of clear orange. Very floriferous.

THE SULTAN (Nesmith) M. Re. 36" D. Very dark red with gold throat. Broad, compact petals and sepals.

* * * * *

GROUP III. \$3.00 each - 2 for \$5.00.

APHRODITE (Taylor) E. Re. 36" Ev. Large tannish red flower with greenish yellow throat. Vigorous grower.

BALLET DANCER (Nesmith) M. 34" S. Medium sized, dainty flower of smooth, lustrous pink.

CATHAY (Stout) M. Re. 36" Ev. A very floriferous and showy scarlet vermilion with darker veining and midzone. Good in the evening.

CLARINDA (USDA) M. Re. 30" Ev. Large flower of very pale yellow. Crisp substance.

EURYDICE (Taylor) L. Re. 36" D. Medium sized flowers on slender, graceful scapes. Basic color, Red Banana (5 L 9) with darker veining which deepens at the midzone to form a halo. Sunflower Yellow (9 L 4) throat, with Wau-Bun twist to petals.

FIRE RED (Traub) M. Re. 38" Ev. A very fine member of the red group with triangular form and bright yellow throat.

GITA (USDA) M. Re. 30" Ev. Somewhat similar to Clarinda in description, but very different as it appears in garden. Excellent.

GUNGA DIN (Taylor) E. Re. 42" Ev. Two-toned red purple with greenish yellow throat, star shaped and conspicuous. Well branched scapes. A profuse bloomer.

MING TOY (Wheeler) E. Re. 20" Ev. Very bright, semi-dwarf red. Distinctive form and clear, attractive color.

MITRA (USDA) M. Re. 36" Ev. A large and more beautiful Mildred Orpet. Fine garden subject.

RAPSODY (Taylor) E. Re. 30" Ev. Satsuma (3 F 11) veined with red. Star shaped throat of Primuline Yellow (10 L 5). Recurved petals and sepals. A real "garden pink" in Florida.

ROYAL BEAUTY (Taylor) M. Re. 36" S. 5" flower of rose purple on well branched scapes. Floriferous.

SALLY O'NEAL (Taylor) E. Re. 38" Ev. A very large pale yellow with interesting habit of growth. The buds twist to open upward in the manner of a tulip. Excellent bloomer.

SUNSET GLOW (Taylor) M. Re. 34" Ev. Large, round well shaped flower of Samurai (4 H 11) with sepals near Pheasant (4 C 11). Golden Yellow (10 C 7) throat.

SWEET ALICE (Taylor) L. Re. 34" Ev. Medium sized, open, cup-shaped flower of lavender rose. Very effective in the garden.

TIGER EYE (Johnson) E. Re. 30" D. Deep chrome with Chimney Red eyezone. Recurved and well branched. Long blooming period.

TOWN HILL (Johnson) E. Re. 30" D. A beautifully blended flower enhanced by boldly recurved nasturtium rose petals, neatly bordered by the aureolin penciling carried through to the tips.

* * * * *

GROUP IV. \$2.50 each - 3 for \$6.00.

H. aurantiaca var. **Major** - E. Re. 30" Ev. Very large, glistening orange. Fine substance. Open evenings. (Sometimes called Lila White.)

BLACK FALCON (Nesmith) L. Re. 34" D. Very dark flower with small, pale throat.

DAWN PLAY (Nesmith) M. Re. 38" S. One of the best dark, velvety reds.

DOUBLOONS (Nesmith) M. 42" D. Smooth, glistening, clear golden yellow.

JOHANNA HUTCHINS (Kraus) Mla. 34" Ev. Clear, rich orange with well branched scapes.

MANCHU (Stout) E. Re. 36" Ev. Good pastel with interesting eyed pattern. Profuse bloomer.

PAINTED LADY (Russell) M. Re. 34" S. Very large ruffled yellow with cinnamon overlay and brighter eyezone.

POCHAHONTAS (Taylor) E. Re. 19" S. Semi-dwarf Pomegranate (6 L 3) with small (almost invisible) throat. Good front-of-border plant. Much better in shade.

ROSE GEM (Stout) M. Re. 42" Ev. Clear, deep rose with cool, green throat. Well formed flower.

ROYALTY (Nesmith) M. 42" D. Large, open flower of velvety, deep maroon with broad petals and sepals.

SAN JUAN (Traub) M. Re. 36" Ev. A dark red, recurved 5" flower with greenish, yellow throat.

TAMIAMI (Watkins) E. Re. 34" Ev. Pompeian Red (4 J 10) of large size and good substance. Very effective in the garden.

* * * * *

GROUP V. \$2.00 each - 3 for \$5.00.

BLANCHE HOOKER (Stout) E. Re. 36" Ev. Earliest and longest blooming red in the garden. Medium sized flowers of neat, compact form. Very desirable.

CHLOE (Nesmith) M. Re. 30" D. Unusual, Full ruffled orange, flecked with sepia. Reverse bitone.

DRESDEN DOLL (Nesmith) M. 40" D. Blend of soft cream and salmon buff. Excellent substance and superior branching.

JACK (Watkins) E. Re. 16" Ev. A low grower with 3" garnet red flowers. Good front-of-the-border plant.

MRS. B. F. BONNER (Russell) E. Re. 34" Ev. Very large, light yellow. Very fine in southern gardens.

OHRED (Wheeler) L. Re. 38" Ev. A smaller and brighter red than Ruby Supreme and an excellent companion for it in the garden.

PIED PIPER (Taylor) E. Re. 24" S. Sprightly bicolor in red and yellow. Petals crisp and crimped. Sepals, plain and recurved.

ROUGE VERMILION (Traub) M. Re. 36" Ev. Bright, engaging red of vigorous growth and good branching.

RUBY SUPREME (Wheeler) M. Re. 42" Ev. Very large red with faint midrib. Deserves a place in every collection.

SONNY (Stout) M. Re. 36" Ev. Fragrant, pale yellow. Much like Patricia but smaller and better branched. Open evenings. Quite worth while.

STARLIGHT (Nesmith) E. Re. 36" Ev. Fragrant, pale yellow. Crisp, smooth substance. Long flowering period.

TARUGA (Stout) E. Re. 36" Ev. Large, lemon yellow with faint fulvous dusting. Pinched petals.

WHEELER HALO (Wheeler) M. Re. 36" Ev. Yellow with lavender halo. Compact form. Pinched petal tip. Open evenings.

* * * * *

GROUP VI. \$1.50 each - 4 for \$5.00.

ALLAPATTAH (Watkins) E. Re. 36" Ev. A very large flower of heavy texture. Dark maroon with darker halo.

AMULET (Nesmith) M. 42" D. Light Chinese coral, delicately flushed Azalea pink in center of petals, with a darker pink zone on throat.

BLACK PRINCE (Russell) M. Re. 36" D. Very dark red with wide petals, small yellow throat.

CAPISTRANO (Milliken) E. Re. 48" Ev. Large, very bright Strontian-yellow (Ridgway). Very early and flowers over long period.

CARNIVAL (Traub) E. Re. 42" Ev. Brown and yellow bicolor, very wide throat.

CHEROKEE MAID (Shull) Mla. 36" D. Vigorous dark red.

COMET (Russell) M. Re. 42" Ev. Fine rose and yellow bicolor.

CRYSTAL PINK (Nesmith) M. Re. 38" D. Light, salmon pink with darker halo, and overall frosty sheen.

DUCHESS OF WINDSOR (Traub) M. Re. 34" Ev. Wide petals, golden cream with faint eyezone. Open evenings.

GEORGE KELSO (Traub) E. Re. 36" Ev. Brown and yellow bicolor, margins ruffled. Long period of bloom. Excellent.

HAZEL SAWYER (Wheeler) M. Re. 36" Ev. In the pink class and very lovely in the garden. The lighter margins set off the lavender pink tones of the flower.

ILE DE FRANCE (Russell) M. Re. 36" D. Interesting bicolor of rose-lavender and pale yellow.

JUBILEE (Stout) E. Re. 42" Ev. Light cadmium with English red eyezone. Very fine garden flower.

MOROCCO RED (Nesmith) M. Re. 36" Ev. Velvety, dark red. Small yellow throat. Sun-resistant substance.

ON TOUR (Russell) E. Re. 30" Ev. Very large pale yellow; twisting petals and sepals.

ORTENCIA (Norton) M. Re. 42" Ev. Very large, very fine, deep yellow self. Well branched scapes. Long flowering season.

PERSIAN PRINCESS (Nesmith) E. Re. 36" D. Deep velvety maroon, darker halo; vigorous grower.

PINK CHARM (Nesmith) M. Re. 40" S. Excellent garden pink. Good form. Fine substance. Vigorous grower.

PURPLE EMPEROR (Russell) M. Re. 42" Ev. Rich, red purple. Cream midrib, green throat. Distinctive flower.

QUEEN WILHELMINA (Traub) M. Re. 36" Ev. Carmium orange with lighter midrib and bright scarlet marking at eyezone.

RED BIRD (Stout) L. Re. 36" Ev. Brilliant red, narrow petals, well branched. Excellent garden effect.

SCARLET O'HARA (Hayward) E. Re. 34" S. Bright small-flowered red with long blooming record.

VICTORY MONTEVIDEO (Traub) E. Re. 36" Ev. Reddish orange with distinct midrib. One of the earliest reds. Stays open evenings.

VIKING (Stout) M. Re. 36" Ev. Bright orange red.

WARPATH (Russell) M. Re. 36" D. Full, widely opened, dark red. Sun-resistant.

* * * * *

GROUP VII. \$1.00 each - 6 for \$5.00.

AKNIS VICTORIA RUSSELL (Russell) E. Re. 36" Ev. Canary yellow self. Very good.

ANTOINETTE (Hayward) E. Re. 36" Ev. Large spreading flower. Dark purple brown petals, orange throat.

BICOLOR (Stout) E. Re. 36" S. Rose red and yellow bicolor. Open evenings.

BERTRAND FARR (Stout) M. Re. 36" Ev. Large rosy peach. Deeper veining. Fine in garden.

CABALLERO (Stout) M. Re. 36" Ev. A clear-cut brilliant bicolor. Petals vermilion. Sepals and throat golden yellow.

DAUNTLESS (Stout) M. Re. 36" Ev. Large well formed cadmium yellow with faintly marked eyezone. Open evenings.

DOLLY VARDEN (Nesmith) M. Re. 34" D. Small compact flower. Pastel pink.

DOROTHY MCDADE (H.P.Sass) L. 40" Ev. Large light yellow trumpet. Fragrant. Open evenings.

DR. STOUT (Traub) M. Re. 36" Ev. Deep orange with cinnamon overlay. A glorified Cinnabar.

DUNCAN (Wheeler) E. Re. 36" Ev. Very dark velvety red with bright golden throat.

EMBER GLOW (Traub) E. Re. 36" Ev. Small flowered pastel. Well branched scapes.

GOLDEN GLOW (Traub) M. Re. 36" Ev. Fine, well branched yellow. Open evenings.

GOLDEN WEST (H.P.Sass) M. Re. 42" Ev. Large outstanding yellow. Fragrant. Open evenings.

GRANADA (Traub) M. Re. 36" Ev. Mahogany brown of distinctive form with definite midrib and margin. Long period of bloom.

HELEN WHEELER (Traub) M. Re. 38" Ev. Fine pink. Deeper eyezone. Long bloom period.

HIAWATHA (Stout) M. Re. 30" S. Sprays of small flowered orange blossoms which stay open evenings and furnish interesting contrasts for border.

HIDDEN GLOW (Norton) E. Re. 34" Ev. Pale yellow with very faint reddish eye. Long period of bloom.

HIGHLAND CHIEFTAIN (Nesmith) M. Re. 34" D. Raspberry trumpet with yellow throat.

HONEY REDHEAD (Nesmith) M. Re. 38" D. Open flaring red flower. Creamy midrib and margins.

LINCA (Stout) M. Re. 36" D. Distinctive pastel with shaded eyezone.

MAJESTIC (Stout) M. Re. 36" Ev. Very large, full flowers of clear golden yellow. Fragrant. Open evenings.

PATRICIA (Stout) M. Re. 30" Ev. Pale yellow with greenish yellow throat. Excellent form and substance. Fragrant. Open evenings.

PURPLE ELF (Nesmith) M. 34" D. Neat and trim, recurved, dark red purple.

SACHEM (Stout) M. Re. 36" Ev. Full, clear red. Well formed flowers. Sun-resistant. Open evenings.

SEASHELLS (Russell) E. Re. 36" Ev. Pink and yellow bicolor. Open evenings.

TEJAS (Russell) E. Re. 36" D. Small, brilliant red.

WAU-BUN (Stout) E. Re. 30" Ev. Large light yellow, faintly dusted. Petals broad with ends slightly and distinctively twisted.

ZOUAVE (Stout) E. Re. 34" Ev. Bicolor. Petals, fulvous red with darker eye. Sepals yellow. Constant and recurrent bloomer. Open evenings.

* * * * *

GROUP VIII. 75 cents each - 5 for \$3.00.

ALADDIN (Stout) E. Re. 36" Ev. orange flower with maroon eye, similar to Mikado but distinctively different.

BABETTE (Hayward) E. Re. 30" Ev. Small flowered orange, of good substance and excellent blooming habit.

BARONET (Stout) E. Re. 34" Ev. Brilliant, crimson orange. Compact form. Open evenings.

BROWN-EYED SUSAN (Eleanor Hill) E. Re. 36" Ev. Pale yellow with a neat arching red brown halo on petals. Very pleasing.

FANTASIA (Stout) E. Re. 42" Ev. Unusual form and color. Twisted petals. Chartreuse throat.

FRED HOWARD (Traub) M. Re. 36" Ev. Wide petals. Bitone, near ember. Lemon chrome throat.

GRANDIFLORA (Finlayson) M. Re. 36" Ev. Good pale yellow with frilled petals.

MATADOR (Nesmith) M. 36" S. Deep red. Broad velvety petals. Full, cup-shaped.

MILDRED ORPET (Traub) M. Re. 36" Ev. Pale tan and peach bicolor. Unusual color effect.

MRS. PERRY (Perry) EM. Re. 42" Ev. Golden yellow self. Wide petals with wavy margins.

MRS. JOHN J. TIGERT (Watkins) M. Re. 34" D. A very striking brilliant red flower of large size and flaring shape. Somewhat similar to Rajah.

PEONY RED (Traub) M. Re. 38" Ev. A wine red quite different from the mahogany reds.

PURPLE WATERS (Russell) E. Re. 36" Ev. Full open purplish red flower. Green throat. Open evenings.

RAJAH (Stout) Mla. Re. 42" D. Scarlet orange with circular mahogany band on petals.

SERENADE (Stout) M. Re. 30" D. Crinkled pale yellow with pinkish flush. Dainty.

SOUDAN (Stout) EM. Re. 36" Ev. The 4½" flowers of lemon yellow have wide petals with ruffled and crimped edges. Beauty of form and fragrance exceeded by none.

STAR OF GOLD (H.P.Sass) M. Re. 42" Ev. Large, golden yellow flower. Well branched scapes.

TRIUMPH (Stout) L. Re. 36" Ev. Large orange, with faint eyezone and pinched petals.

VULCAN (Stout) E. Re. 36" Ev. Dark velvety maroon.

WELAKA (Watkins) M. Re. 36" Ev. Mandarin orange suffused with a rosy fulvous tone. Texture, crepe-like and rippled.

WHITE LADY (H.P.Sass) M. 36" D. Star shaped flower of very pale yellow. Weak grower.

* * * * *

GROUP IX. 50 cents each - 5 for \$2.00.

ARABY (Hayward) E. Re. 36" Ev. Golden yellow with coffee-colored overtones. Fine pastel.

AUREOLE (Japan) E. Re. 36" Ev. An old variety but good because of its earliness and fragrance.

AUTUMN RED (Nesmith) M. Re. 34" D. Dark red with bright gold midrib. Striking garden flower.

BRIGHT EYE (Norton) L. Re. 36" Ev. Orange yellow. Red halo.

CHROME ORANGE (Theodore Mead) E. Re. 30" Ev. Clear orange. Good substance.

CHISCA (Fisher) E. Re. 36" Ev. Henna red petals, light chrome yellow sepals. Open evenings. One of the oldest of bicolors.

CIRCE (Stout) M. Re. 24" D. Small flowers of clear pale yellow. Semi-dwarf in South.

DAISY WHISTLER (Sligh) M. Re. 36" Ev. An improved and evergreen Bagdad.

DEMON (Russell) E. Re. 24" D. Small bright red. Open evenings.

FLORE PLENO (Natural variety) M. Re. 34" D. Triple-layered peach and orange red. Better than Kwanso.

GOLD DUST (Yeld) E. Re. 21" D. Small flowered yellow with bronze buds. Fragrant. Open evenings.

J. A. CRAWFORD (Betscher) M. Re. 36" Ev. Very fine large yellow.

JILL (Watkins) M. Re. 14" D. A dwarf with 3" cherry red flowers. Small yellow throat. Fine for edging.

JUAREZ (Russell) M. Re. 30" Ev. Bright red bicolor. Sepals lighter than petals. Small, inconspicuous throat.

A FEW COMMENTS THAT HAVE PLEASED US

I'm quite anxious to grow some of your introductions. The only one I have is Royal Beauty and it is truly royal and a beauty. (HT-Va.)

Just a line to let you know that Cluny Brown is blooming and I think it was well worth waiting so long for. It is different from anything else I have. (AS-Okla.)

Your Rhapsody bloomed and it was lovely. It gave a very pink effect in the garden. (Mrs. RR-Wis.)

Sunset Glow now has a good strong scape of true form - just like your description. Ought to be a real "eye-catcher" by next year. (G D P - N.Y.)

I have 12 - 14 of your introductions, about all of which are prime favorites in a collection of over 350 varieties. (FM-O.)

Your plants arrived in perfect condition. I have never said that of any other shipment. All leaves were as fresh as if they had been dug in my garden a few minutes before. I have never before seen such fresh foliage after shipping. (GG-Va.)

Lochinvar came yesterday and I was pleased with your fine selection of the plant. This is the first one I have ever received carrying a bloom spike. (ER-Mo.)

Lucky us that we have Lochinvar blooming in our garden. It easily leads the way! The color intrigues me - different from anything we have. (ER-Mo.)

Your Brocade was beautiful this year and much admired by everyone. (ORH-Mass.)

I love your pastels and blends. I'm now buying my plants 90% based on past performance and yours have given a very good account of themselves. (GG-Va.)

I thought there was a fire in my daylily patch but it was only Fern Irving. It's stealing the show and its straight tall scapes dominate everything in its vicinity. Pied Piper is making a "big noise" too. It is certainly the most brilliant bicolor in bloom at this time. (MFS-N.Y.)

Again I have gone overboard for Sally O'Neal. It bloomed June 29th. The flower I brought in today measured 6½". It is straight, tall, with heavy substance and lovely glistening sheen. (MS-W.Va.)

Prima Donna bloomed yesterday and was 6" across with petals almost 2" wide. Does it do that in Florida? Helen Fischer, Olive Baldwin, Spring Dawn and Spice are all in bloom and excellent. (HT-Va.)

The daylilies arrived in perfect condition. That moss seems the best thing to pack them in. They stay moist and fresh far better than those packed in anything else. The plants are lovely - just perfect. (MS-O.)

This is to tell you that I had a great thrill this morning when the first flower of Olive Baldwin opened. The time to see it at perfection is at early dawn when its pure color and perfect outline seem like something out of the world. (MFS-N.Y.)

Pink Bowknot has bloomed and is as beautiful as it sounds. The coloring is lovely and form enchanting. (DEE-Mass.)

Gunga Din is the only one of yours that has bloomed so far for me. It has three scapes and is very beautiful. Until it bloomed I thought I had some fairly good ones in this class myself. Now I know only a goal to shoot at. (JEB-Ga)

I saw Prima Donna for the first time today and thought it the most beautiful daylily I had ever seen. (WB-Ind.)

Aphrodite which I saw blooming in your garden when visiting there early last spring, I saw again on Hem Tour in Massachusetts and liked it just as well, so I especially want Aphrodite.

I have one in bloom labeled Pink 3. It is a beauty. Tall, large, sturdy scapes with many buds. It's from your garden and while it is not what I think of as pink it is a wonderful color for the garden. A mass of it would be stunning! (MK-Tex.)

At the Valleevue Test Garden your Pink 3 is simply loaded with scapes although no flowers are open yet (July 30). It must be a really late one. Mrs. S. and I both fell in love with Lochinvar and Shalimar at Little Rock and I fell in love with Spice at Valleevue. (MS-O.)
